Faculty/Staff Achievements

Ali Adibi, professor and Joseph M. Pettit Faculty Chair in the School of Electrical and Computer Engineering, won the Innovation Award in Quantum Sensing and Nano Electronics and Photonics at the Society of Photo-Optical Instrumentation Engineers Photonics West Meeting in January.

Nolan E. Hertel, professor emeritus in the George W. Woodruff School of Mechanical Engineering, has been selected as the 2025 recipient of the Randall S. Caswell Award. The award honors individuals who have made significant contributions to ionizing radiation measurements and standards.

Jianjun Shi, the Carolyn J. Stewart Chair in the H. Milton Stewart School of Industrial and Systems Engineering, will deliver a keynote speech at the Institute of Industrial and Systems Engineers annual meeting in May.
