What to Read This Summer

Memorial Day — the unofficial start of summer — is the perfect time to dive into a good book.

The Case for TikTok

The ongoing debate around TikTok has seized national attention, but a Tech professor says the focus on the popular social media platform may be diverting attention away from other security and privacy conversations in the technology industry.

Faculty/Staff Achievements

G.P. "Bud" Peterson, President Emeritus and Regents' Professor in the George W. Woodruff School of Mechanical Engineering, has been awarded the 2022 Max Jakob Memorial Award by the American Society of Mechanical Engineers and the American Institute of Chemical Engineers. As the highest honor given by the organizations, the award recognizes significant contributions to and achievements in the field of heat and mass transfer.

Julie Kim, associate professor in the School of Architecture and director of the Flourishing Communities Collaborative, has received the AIA 2023 Georgia Educator of the Year Award for connecting architectural practices that expand equity through access. Kim also recently received a second consecutive Public Interest Technology University Network grant and the 2023 Collaborative Practice Award from the Association of Collegiate Schools of Architecture.

Devesh Ranjan, Eugene C. Gwaltney Jr. School Chair and professor in the George W. Woodruff School of Mechanical Engineering, has been selected to receive the 2023 Gustus L. Larson Memorial Award from the American Society of Mechanical Engineers and Pi Tau Sigma. The award is presented to an engineer who has demonstrated outstanding achievement in mechanical engineering within 10 to 20 years following graduation.
