CAMPUS

Home for the Holidays Hosts Wanted

This annual tradition allows students who may not be able to spend Thanksgiving at home to be matched with a local Yellow Jacket host and enjoy a meal together.

RESEARCH

Recipients Announced for Sustainability Next Seed Grants

The recipients include 51 collaborators from six Colleges who are conducting large-scale sustainability research.

RESOURCES

New Lab Collaboration Dashboards

The latest edition of the National Laboratory Collaboration Data Dashboards provides a sharper, data-driven view of partnerships with the U.S. Department of Energy National Laboratories.

Getting to Know You

[Subscribe](#) to our email list.

Mark Moss on Service, Teaching, Computing

Before joining the School of Computing Instruction in 2017, Mark Moss spent 25 years in the U.S. Army. His service took him around the world, but one of his most defining roles was teaching computer science at the U.S. Military Academy at West Point.

Campus Updates

Discounted Athletic Tickets Available

Faculty and staff members can purchase discounted tickets for upcoming men's and women's basketball games. [Season ticket discounts](#) are also available for baseball and softball.

Ramble Across the Globe

Whether you're a seasoned traveler or planning your first big adventure, the Georgia Tech Alumni Travel program can be your passport to adventure.

Faculty/Staff Achievements

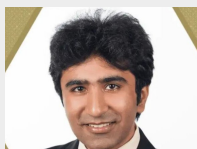

Michael Chapman, professor in the School of Physics, has received the Jesse W. Beams Award from the Southeastern Section of the American Physical Society. The award recognizes his significant contributions to the field of physics.

Shatakshee Dhongde, associate dean for Academic Affairs and professor of economics in the Ivan Allen College of Liberal Arts, has been named treasurer and president-elect of the International Association for Review of Income and Wealth.

Luanna Emiliano, player development assistant for Georgia Tech volleyball, received the AVCA T.E.A.M. Award, given to recognize togetherness, empowerment, accessibility, and mentoring.

School of Electrical and Computer Engineering Associate Professor **Tushar Krishna** was recognized with the Design Automation Conference Under-40 Innovators Award for work on an ecosystem of AI design tools to help enable the future of computing.
